

Livingston Homeowners Association Annual General Meeting

The Board would like to extend a very special thanks to Tanzella Naji & Eva Tran for their dedication to the Livingston HOA Board over the past several years. Their commitment, contribution and service shown to the Livingston HOA has been highly valued, greatly appreciated and will certainly be missed.

Current Board Members Standing for Re-election:

Jeremy Ng

Jeremy has over 14 years of senior-level accounting experience, including over 3 years of controller-level experience, working with oil and gas and emerging technologies companies. His focus is on the financial health of the HOA, the financial statements, and governance, to help ensure that this community is an ideal place to raise his children and for others to raise theirs

Khizer Kalsi

I am a current operations manager for KSSA security, a family owned and operated company based out of Calgary! I moved to Livingston in 2019 after my wife and I spent countless hours trying to find the right vibrant community to start a family in! Livingston became that and so much more for us! Being on the board allows me to bring positive and necessary assistance to ensure the welfare of the community is met!

Johnny Thang

My name is Johnny, born and raised in Calgary. I enjoy going to the beautiful mountains to check out new hiking spots and soak in the mountain air. Calgary has so much potential to grow still and I can't wait to see what the future lies in this city.

I've been living in Livingston for almost 3 years. I enjoy being able to co-create with the board and all the residents in Livingston to make this community even better, safer, and really fun for everyone. Being able to listen to concerns and feedback. I would use this information to continue to improve this community for all of us.

Hubba Khatoon

HUBBA KHATOON is the Economist, Research and Strategy at Calgary Economic Development. Her work entails two of her greatest passions — understanding what is going on in Calgary and how it impacts the economy, and helping ensure that that "what" is harnessed to benefit the millions of Calgarians who rely on the economy to make better lives for themselves.

Sunny Brar

Sunny Brar has been a Livingston homeowner for over 3 years. He has had the opportunity to watch Livingston grow into the beautiful neighborhood it is, and looks forward to furthering community development in the near future. With a career in management and software, Sunny brings a background in technology and engineering along with a passion for outdoor living and promoting

a healthy lifestyle. Sunny looks forward to furthering community engagement, fostering a collaborative environment, and establishing a sense of pride in the community we all call home.

Standing for Election:

Curt Dieckelt

Moved to Livingston about 2.5 years ago.

Married with 3 teenage daughters

We love Curling during the winter months and relaxing in the summer!

Employed at Ignite Collaboration for the past 10 years – National Director, Operations

We are a technology organization that specializes in Unified communication and Network Security

Enjoying the new Community our neighbors are fantastic, and everyone is so friendly.

Looking for opportunities to volunteer and help our wonderful community. I have many years of operations management experience. I would look to apply that experience as part of the Board, and ultimately continue the great work that has been done over the past few years as a representative of the community.

Tanvir Chowdhury

I have been living in Livingston since 2017 and I am one of the few residents that moved in during Phase 1. So, I have seen the continued growth of Livingston right from the beginning. I am an Engineer by profession and working as Systems Lead at the Calgary International Airport with the Authority for 8 years.

Since I have been in this community from the beginning, I am very much familiar with the changes in the community and its needs. I follow the community Facebook group regularly and understand the needs of the wonderful people living in this community. I feel like I can be a changemaker for the betterment of the community and work with the community residents to make this place safe and secure. I will also make sure that I am the voice for the community at the board level and will try my level best to do the right thing that benefits our family living in this community.

I hope I will get the opportunity to serve the community.

Ishan Kochhar

I've been living in Livingston since late 2017.

Making our community approachable, efficient and friendly to the residents.

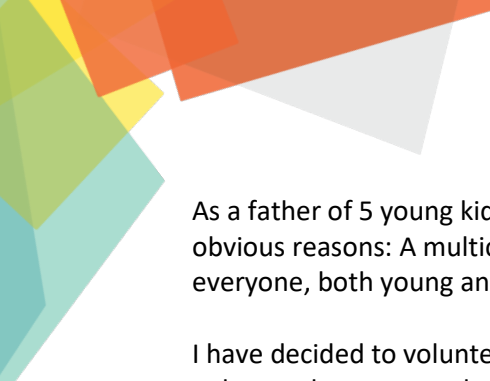

Ishan has had over nine years in operations, research, development and implementation of new technologies in the energy industry.

Ishan has a Masters in Chemical Engineering from University of Calgary and an MBA from Quantic.

Chuks Ejiogu

My name is Evarestus Chuks Ejiogu also known as Chuks Ejiogu. Married to Dr. Stella Ejiogu with 5 lovely kids. I work with PEPSICO Beverages Canada for over 14 years. We moved to our new home in the Livingstone community on August 5th, 2021.

As a father of 5 young kids, we decided to build our new house in this lovely Livingston community for obvious reasons: A multicultural community with many recreation facilities and open green spaces for everyone, both young and adult to cherish and enjoy.

I have decided to volunteer as a board member so as to participate actively in the policies that will enhance the peace and security, sports, sociocultural activities, and the beautification of our neighborhood.

Hamid Bari

I am the second homeowner in Livingston and living here with my wife and two kids since September 2017. I am a very experienced contract management professional with +10 years of experience in the energy and telecommunication sectors. I completed my master's degree from the University of Toronto in 2005 and am currently one semester away from graduating from Georgia Southwestern State University (GSW) with a Master of Business Administration.

I have volunteered for the children's programs in the past for many organizations and would like to continue working for them here in Livingston to make this community a safe and fun place for our children's years to come by contributing to planning, budget review, and other activities.

Salim Syed

I completed my graduation (Master of Engineering, Mechanical Engineering - specialization in Pipeline) from the University of Calgary in 2013. I am living in Livingston since 2018 and serving the community since 2017 as a realtor. I love this community so much! therefore, I have helped many of my friends buy the house here in Livingston. I enjoy working with people to bring more value to their time and money. I am confident with my professional experience as an engineer and a realtor, can contribute a lot to safeguard homeowners' interests as a resident director.
