

A COLAS COMPANY

Standard General Inc. - Calgary **IMPORTANT NOTICE**

Please be advised that construction crews will be working in your neighbourhood for the purpose of:

- | | |
|---|--|
| <input checked="" type="checkbox"/> <u>Oiling</u> | <input checked="" type="checkbox"/> <u>Milling (Plaining Asphalt)</u> |
| <input checked="" type="checkbox"/> <u>Road Repairs</u> | <input type="checkbox"/> Street Construction |
| <input checked="" type="checkbox"/> <u>Paving</u> | <input type="checkbox"/> Sidewalk Curb & Gutter Construction |
| <input checked="" type="checkbox"/> <u>Street Cleaning</u> | <input type="checkbox"/> Lane Construction |

From **Friday, June 18, 2021**

To **Friday, July 2, 2021 (estimated date)**

Or as extended to account for adverse weather conditions.

It is the intention of **Standard General Inc.** to perform the above work in the most expedient and efficient manner possible. It is unlikely you will be affected throughout the entire timeframe noted above.

To assist us with the performance of this work, we respectfully request your cooperation with the following:

- Please make sure that if your car is parked on the street or driveway, someone is available to move it if work requires it to be. We don't want to tow anyone but may have to if no one is available to move the vehicle.
- Please refrain from excessive watering of your lawn for the duration of the work as excess run-off could have serious impact on progress.
- Please remove all vehicles from the street prior to 7:00 AM each day **once work** starts. In most cases, on street parking will be possible on an overnight basis. If a vehicle is causing an obstruction, every effort will be made to contact the responsible party before the vehicle is ticketed and towed at the owner's expense.
- Please remove vehicles, trailers, and any other materials of value from the lane/street prior to 7:00 AM each day. If a vehicle or other materials left in the work area are causing an obstruction, every effort will be made to contact the responsible party before either, the vehicle is ticketed and towed at the owner's expense or other material is taken away as garbage.
- Please be advised that due to the nature of our operations, all deliveries scheduled during the above dates may be affected. Contact the number below to arrange/schedule any deliveries during this time period.

Process as follows:

- We will raise manholes and valves in the area, once completed we will sweep and apply tack oil
- Oil takes approximately 3 to 4 hours to dry, please do not drive through and onto driveways or sidewalks
- Flaggers will be directing traffic while we oil
- Oil will be followed with Top lift Paving Operations after which we will remove the No Parking Signs

Please do not drive through oiled areas and onto driveways as Standard General Inc. will not be responsible for any cleaning of vehicles or concrete.

Overnight parking will be permitted on the street.

If you require further information or clarification of this notice, please call **Robert @ 403-669-5880** between 7:00 AM and 6:00 PM on normal business days.

We appreciate that this work may cause you some inconvenience; however, please respect our employees and their efforts to keep to production schedules in order to minimize the disruption period for the homeowner.

Your cooperation and assistance are sincerely appreciated.

Thank you,

Standard General Inc.
